Mr. Barnett Howeth  
ICT/VistaPlex  
6850 Manhattan Blvd, Ste 206  
Fort Worth, TX 76120

Dear Barnett,

I first decided to buy this system to protect us from the litigious society that we have today and be able to store video of critical areas for two years, the Statute of Limitations for the state of Texas. We felt that we should record the areas where people could hurt themselves. Your product is the only one that can store video like that; others are too complicated to use. I truly believe that your system would pay for itself if it saved you from one big insurance claim

The management tool was another major reason for choosing VistaPlex. First, it helps reduce the potential opportunities for employee theft. Once the employees knew they were on camera and all transactions were being recorded and stored our percentages increased dramatically. Based on these percentages our video system at worst will pay for itself with in one year and probably pay for itself every three months. Second, using VistaPlex, from anywhere in the world I am able to connect to the computer at the front desk which tells how many lanes are going. Now, no matter what my location, I can log in and check how much business I have there.

Another important benefit is that your system is secure from hacker attacks.

I think your product is great and I would buy it again.

Yours truly,  
Jamie Brooks
